Five kinds of safety protection

Picture quality is clear

- 1** Three-level door protection, hidden screw design, no leakage removable screws.
- 2** Galvanized steel + outdoor powder table shell, the average thickness of sheet about 1.5mm
- 3** Machine reinforcement, Anti-strong wind.
- 4** AR tempered glass protection, effective protection of the screen.
- 5** Three composite density seal, multi-angle waterproof with long life.

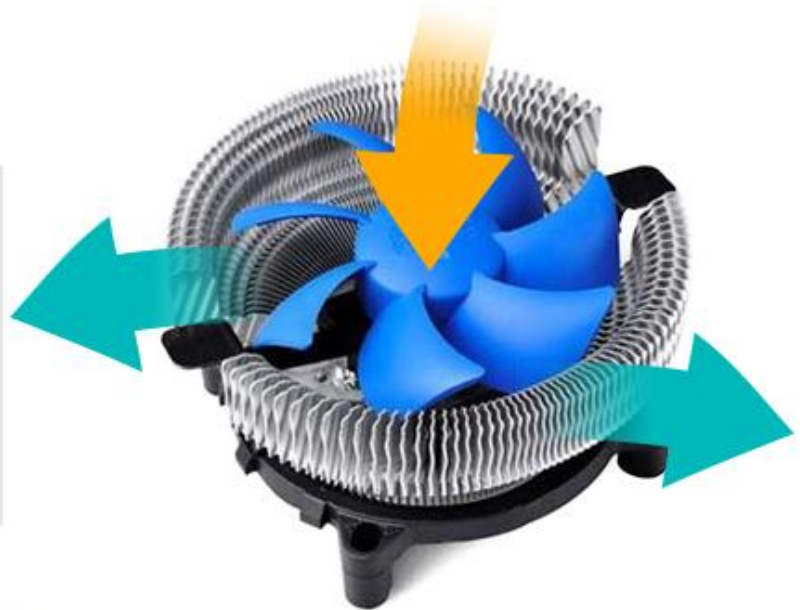

Intelligent temperature control system

Air conditioning / air-cooled, dual choice, automatic temperature control, the machine long-term normal operation

Air-cooled type

Adapt to $-20\text{ }^{\circ}\text{C} \sim 50\text{ }^{\circ}\text{C}$ working environment, the system automatically adjust the temperature inside the box to reduce the high temperature blackening, fog screen and other anomalies.

Air conditioning type

Adapt to $-40\text{ }^{\circ}\text{C} -55\text{ }^{\circ}\text{C}$ working environment, cooling air conditioning automatically adjust the temperature inside the box to reduce the high temperature blackening, fog screen and other anomalies.

HD 1080P
High-brightness background,
the image can be clearly
displayed in strong sunlight

Brightness 2000CD / M² above,
resolution 1920 * 1080,
LED backlight,
clear and good quality.

Smart cloud background
Cloud service operation,
real-time display of
information changes

phone remote
control backstage

Computer remote
control backstage

Intelligent split screen technology

Intelligent split screen technology to achieve a single machine multicast screen area arbitrary division, the size of the window free to adjust

Built-in stereo speaker

Hd resolution—
